

# Samyu's Boutiquie: Personal Measurement Guide

"The secret to a great outfit is a perfect fit."

Since we specialize in bespoke tailoring, we recommend taking measurements in inches using a flexible measuring tape. For the best results, have someone else measure you while you stand naturally.

## 1. Essential Body Measurements (Inches)

Measurement	How to Measure
<b>Bust</b>	Measure around the fullest part of your chest, keeping the tape level.
<b>Waist</b>	Measure around your natural waistline (the narrowest part, usually above the belly button).
<b>Hips</b>	Measure around the fullest part of your hips (approx. 7-9 inches below the waist).
<b>Shoulder</b>	Measure from the edge of one shoulder bone to the other across the back.
<b>Arm Hole</b>	Loop the tape around the armpit and over the shoulder.
<b>Sleeve Length</b>	Measure from the shoulder tip down to your desired length (Short, Elbow, or Full).
<b>Front Neck Depth</b>	Measure diagonally from the shoulder-neck point to the desired depth.
<b>Back Neck Depth</b>	Measure diagonally from the shoulder-neck point to the desired depth.

---

## 2. Length Guide

- **Blouse Length:** Measure from the high point of the shoulder down to where you want the blouse to end.
  - **Kurti/Frock Length:** Measure from the shoulder down to the desired hemline (Knee, Calf, or Ankle).
  - **Lehenga/Skirt Length:** Measure from your waist down to the floor (remember to account for the height of your heels).
- 

### 3. Standard Reference Chart (For Ready-to-Wear)

If you are ordering a standard size, please use this as a reference:

Size	Bust (in)	Waist (in)	Hip (in)
XS	32	26	36
S	34	28	38
M	36	30	40
L	38	32	42
XL	40	34	44
2XL	42	36	46

---

### 4. Pro-Tips for a Better Fit

- **Don't pull too tight:** The tape should be snug but not digging into your skin.
  - **Wear the right bra:** Measure yourself wearing the type of bra you plan to wear with the final outfit.
  - **Footwear matters:** If you are measuring for a Lehenga or a long Gown, wear your heels during the measurement process.
-
